## Why should I support the Women's Network?

We average 197 appointments each month.  
We serve approximately 15-20 new clients monthly.

All our pregnancy and parenting services are free.

We serve clients from all ethnic, racial and economic backgrounds.

Families and individuals are able to meet one-on-one with a caring advisor each appointment.

We listen to our clients concerns and provide truthful answers in a confidential environment.

We educate men on the importance of being a daddy by using nationally accredited curricula including 24/7 Dad, Doctor Dad, and Earn While You Learn.

We also provide a one-on-one mentor to support each man through his journey to becoming the best daddy he can be. Just like our mothers, these fathers are able to earn points to spend on items they need for their children. Through this program, we are **equipping men, actively engaging fathers, and strengthening families**
